

*Are you spending more time on fixing your technology than you are face-to-face with your patients?*

*Suffering from expensive downtime while the “IT Guy” is trying to solve a technology issue?*

*Worried about data backups, cyber threats, and maintaining regulatory compliances?*

**Never fear – Affinity IT Group is here with Managed IT Services for your dental practice! We’ll take the stress that comes with managing your IT off your hands.**

## **With our Managed IT Services, you’ll benefit from**

- Round the clock network monitoring – all day, every day.
- Access to our friendly support staff who treat you like family.
- Proactive troubleshooting and maintenance to catch issues before they become problems
- Monthly billing that’s easy to work into your budget

**So, get back to your patients and leave the IT to us. We’ve got you covered.**

For more information on how Managed IT Services can get your dental practice up and running more efficiently, give Affinity IT Group a call at **800-627-2214**.

**It’s not just circuits & switches - IT’s personal.**

6920 Spring Valley Drive, Suite 106, Holland, OH. 43528
